

# Cannonball

## Bronze Radio Return

These old rusty sails  
Still guide my way  
Open waters  
To the edge of a quiet bayWhen my ship rolls in  
On a gentle wave  
I see clouds of powder  
From shots that were aimed at me[Chorus:]  
Oh no, cannonball  
Won't take us down, won't break these walls  
Or sink, sink my sturdy ship down  
Don't you think, think you could ever make me drown  
And it's oh, oh cannonball  
Oh, oh my cannonball  
Oh, oh cannonball  
Gonna take us in, take us in, take us in,I'm no pirate, babe  
And I don't act that way  
Float my boat  
On a quarter note, sea swayThere's no need for this  
All this hostile fire  
But rest assured, when waters are stirred  
We all ride the tide and nothing is yours[Chorus:]  
Oh no, cannonball  
Won't take us down, won't break these walls  
Or sink, sink my sturdy ship down  
Don't you think, think you could ever make me drown  
And it's oh, oh cannonball  
Oh, oh my cannonball  
Oh, oh cannonball  
Gonna take us in, take us in, take us in, take us in
