Hey Child

East 17

(T. Mortimer)
Hey child - wash away your tears
Hang on till tomorrow comes
Cos it will soon be here
Hey child - don't give up today
Gotta be some good times baby
Not so far away
Child - love don't come easily
And child - don't be afraid to feel
Cos the times gonna come
When you're gonna go
And my only advice is
To live life your own way
I'm here for you
Till my dying day
Hey child - wash away your tears
Hang on till tomorrow comes
Cos it will soon be here
Hey child - don't give up today
Gotta be some good times baby
Not so far away
Child - don't be a fool for love
Cos child - it will
Come soon enough
Like a mind
Need a dream
And a song needs a theme
Every heart needs a home
To express just
How it feels
I'm there for you
Till my dying day
Hey child - wash away your tears
Hang on till tomorrow comes
Cos it will soon be here
Hey child - don't give up today
Gotta be some good times baby
Not so far away
