

# Cupid

**Jack Johnson**

Well, how many times must we go through this?  
You've always been mine, woman I thought you knew this  
How many times must we go through this?  
You'll always be mine, Cupid only misses sometimes But we could end up broken hearted  
We don't remember why this all started  
And if they try to tell you love fades with time  
Tell them there's no such thing as time  
It's our time  
It's our time  
It's our time  
It's our time
