

# Last Of The Spiddyocks

## Digable Planets

I'm blue mood y? all, I slive with jiva y? all  
I'm actually deep y? all, invented time y? all  
In ten fourths y? all, I pay your cap y? all  
I player late y? all and draw down toI bust raps y? all, in love with naps y? all  
The sweet beats kid, I speak my thoughts y? all  
I wreck the break y? all, don? t trust the flag y? all  
I dig the birds y? all, I'm layin' out now, yeahThe season? s been good like a sweet  
I hang out with a gang out flat bush with cool beats  
I found the reverberated shout was goddamn

And questions 'bout the methods how the Planets made jamWallowed through a gang a murk in the interim

I couple time we got jerked but still invented them  
Wicked little kinky joints that got us ghetto weight  
And also kept the jazz alive by pullin' off the plates  
Maybe only we was hip to stretchin' out the brain  
I felt Bird Parker when I shot it in my vein  
I toss these major losses on the Mingus jazzy strum  
Flip off into a nod and dig myself a dyin' youngIt? s like cool was the bop and the flair  
I kicks to my pools by the nap of their hair

I'm pinnin' Uncle Sam for the death of swingin' quotes

For losin' Bud Powell slidin' over Dizzy's notesWas it that the rebirth was the birth for new shit, of cool shit  
The jazz power showers from the crew was sure legit

But hey, present since gone Hank Mo's gone

They kill the coolest breeze in this land of the freeAnd it been like that since they lied about they flag  
Like all my main mans gave they beats up for skags

So I pops it at your crew like Bu I did a lid

But I used Lee's Cooker got my buzz around midnight

I'm so shy y? all, I'm hip to badge y? all

From sector six, yeah and now and then too

I slows the trims y? all and fades a fake now

I know the nat y? all I'm layin' out y? all, yeahThe season? s been smooth like the suede

Pumas that butter got when butter got paid

Or better yet Dolphy's archetypes for cool dudes

Or better still Trane usin' space in afro blueIt? s simple, swing be the freakin' of the time

The spinnin' by the kings good for speakin' of the mind

The forty seven sessions gave the buzzes that I caught

They asked was it cool blues knowledge

(What you thought?)I told 'em it was solid, dig, the licks was way out

My baby loves to kiss when Ornette just lays out

So the quotes be as such bout the kits, uh

You down with Digable Planets yous a hipster, shitI lay it on the cats about monk  
The logical extensions comin' boomin' out that trunk  
Assumin' that the room in which you zooms designed by your mind  
Not the stars and stripes but red Cali? booms  
And the rat-a-tat-tat by Max or Philly Joe on we goThe fly shit y? all, we don? t quit y? all  
It? s slick beats here and it? s out there  
A smooth groove kid, the jive is high y? all  
We ain? t marks y? all okay pow me upUh, the seasons been fat like some boom  
Doodlebug? s math jazz fillin' up the room  
When Booker jam with Eric at the funky five spot  
Jimmy Cob's job was layin' crashes on the topButter cop his lid at this little Harlem jam  
The tenor bop the middle and his shades and his tam  
I'm diggin' how these dudes made my buzz a little hipper  
And angles on the moves really couldn? t get no blackerI'm sinkin' deep to the sleekness of the horn  
I'm thinkin' take the hipness and just lay it in my form  
So when the hoodlums flood waitin' for another anthem  
I say it? s in the blood cause it notin' but rhythmAnd rhythm goes on and on to the break of moon, baby  
The dads is gone but they used to come lovely  
The sickness towards the world? s cause Sam caused the blues  
But hipness takes a swirl and jams by my crewInfect space y? all, we swing time y? all  
It? s like milk yeah, it? s like be bop  
The new scat slips, oh shit, we got fly kicks  
It? s like jazz, uh, it? s like us now
