

# Donâ€™t Let Me Go

## LAY

Strung in my head  
how could I just forget  
Taking that brief moment  
all the way till the end Here I am watching you go  
Holdin' a heart that's so broke  
Stuck in my lens  
it's just your face babe I'd give anything  
to make it feel anew  
Anything anything  
I'd do anything to work it out  
with you  
Anything anything  
Don't let me go woo  
Don't let me go woo  
Don't don't let me go woo  
Don't let me go woo Open my eyes  
going another day  
Wondering why  
why did we fade away  
All of the times we had  
deep in my memory  
Took all of the words I said  
all of my energy Here I am watching you go  
Holdin' a heart that's so broke  
Stuck in my lens  
it's just your face babe  
I'd give anything  
to make it feel anew  
Anything anything  
I'd do anything to work it out  
with you  
Anything anything Don't let me go woo  
Don't let me go  
Don't let me go woo  
Don't leave me alone  
Don't don't let me go woo  
Don't let me go  
Don't let me go  
Don't

Don't let me go  
Don't go I don't wanna go Looking at the photos  
and my memory burns  
Tried to throw the camera  
but my hands don't work  
Every day every night  
where you are where you at  
Wanna see you one more time Here I am watching you go  
Holdin' a heart that's so broke  
Stuck in my lens  
it's just your face babe Don't let me go woo  
Don't let me go  
Don't let me go woo  
Don't leave me alone  
Don't don't let me go woo  
Don't let me go  
Don't let me go  
Don't  
Don't let me go  
Don't go
