

## Fall Out Boy

If 'home is where the heart is'  
Then we're all just f\*\*ked  
I can't remember  
I can't remember

And I want it so bad  
I'd shoot the sunshine into my veins  
I can't remember the good old days

And it's kind of funny  
The way we're wearing anchors on our shirts  
When being anchored aboard just feels like a curse

My mind is a safe  
And if I keep it then we all get rich  
My body is an orphanage  
'We take everyone in'  
Doing lines of dust and sweat  
Off last night's stage  
Just to feel like you

The milligrams in my head  
Burning tobacco in the wind  
Chasing the direction  
Chasing the direction  
Chasing the direction you went

You're a bottled star  
The planets align  
Just like Mars  
You shine in the sky  
You shine in the sky

Are all the good times getting gone?  
They come and go and come and go and come and go  
I've got a lot of friends who are stars  
But some are just black holes

My mind is a safe  
And if I keep it then we all get rich

My body is an orphanage  
'We take everyone in'  
Doing lines of dust and sweat  
Off last night's stage  
Just to feel like you

And it's kind of funny  
The way we're wearing anchors on our shirts  
When being anchored aboard just feels like a curse

My mind is a safe  
And if I keep it then we all get rich  
My body is an orphanage  
'We take everyone in'  
Doing lines of dust and sweat  
Off last night's stage  
Just to feel like you

If 'home is where the heart is'  
Then we're all just f\*\*ked
