# Four-Piece Jigsaw Puzzle

## Action Action

Starting to come together
Starting to all make sense
We began to blossom, so perfect
I'm starting to understandAnd you have made this cove for us again
If this was any other day, surely just walk away
If this was any other day, surely just walk awayWorking it out so perfect
A picture worth a thousand words
Can't believe we took it, so wasted
I'm starting to understandAnd I gather all myself for you
If this was any other day, surely just walk away
If this was any other day, surely just walk away
