

Just the Beginning

Europe

Oh, yeah I can walk on fire, it ain't stoppin' me
It's just showin' me the way
Oh, well, come thunder, lightnin' all over me
I'd still be on my way Oh, you can put me through loads of trouble
But in anyway It's just the beginning, not the end
No use in pretendin' 'cause you can't win
It's just the beginning, the beginning
Not the end, oh, oh yeah It's not a stange behavior, it's the way I am
Nothin' puts me down, no
And if a situation would get out of hand
I'd still be back around Oh, you can put me through loads of trouble
But never bring me down, no It's just the beginning, not the end
No use in pretendin' 'cause you can't win
It's just the beginning, the beginning
Not the end, oh, oh yeah I can walk on fire, it ain't stoppin' me
It's just showin' me the way
Oh, well, come thunder, lightnin' all over me
I'd still be on my way Oh, you can put me through loads of trouble
But in any way It's just the beginning, it's just the beginning
It's just the beginning, it's just the beginning Oh, yeah, it's just the beginning and not the end
No use in pretendin' 'cause you can't win
It's just the beginning, the beginning
Not the end, oh Oh, yeah
Not the end, not
Oh, yeah
