I'll Show No Fear

Caliban

I'm far away from home
I see the deep blue skyNothing matters, no one cares
We have so many ways to go
But I will always go my wayThere will be fear and cries of pain
I'll show no tear and won't complain
Why can't you stay away from me?
I found a key to live my dreamDon't tell me who I am
I live my life how I want to
Don't tell me who I am
I live my life how I want toYou tell me to be someone else
To be what I don't want to be
Respect me or leave me alone
I am what I amNothing matters, no on cares
And to be honest, I don't careThere will be fear and cries of pain
I'll show no tear and won't complain
Why can't you stay away from me?
I found a key to live my dreamDon't tell me who I am
I live my life how I want to
Don't tell me who I am
I live my life how I want to
