

# The Closer I Get to You

## Fourplay

The closer I get to you, the more you make me see  
By giving me all you got (Tell me more) Your love has captured me. Over and Over again, I've tried to tell  
myself that we could never be more than friends  
And all the while inside I knew it was real  
The way you make me feel Lying here next to you, time just seems to fly  
I'm needing you more and more (and more and more)  
Let's give love a try (lets give love a try) Sweeter and sweeter love grows  
And heaven's there for those  
Who fool the tricks of time  
With hearts in love will find  
True love  
In a special way The closer I get The closer I get To you baby The more you make me see The more you make me  
see By giving me what you've got Your love captured me Over and Over again  
I've tried to tell myself that we  
Could never be more than friends  
And all the while inside  
I knew this was real (got to be real)  
The way you make me feel (you know) My baby, my baby, my baby, my love Come a little closer so that we can  
see into the eyes of love (BEYONCE- I wanna see into those eyes of love come closer)  
Just a little a closer let me speak to you  
I wanna softly tell you something (LUTHER- Here I am, heres my love, I just want you to come closer)  
Come a little closer, let me whisper in your ear 'cause I wanna tell you something (BEYONCE- I wanna whisper  
in your ear, so soft, so come closer and)  
Move on in real close so we can celebrate  
The way we feel about each other's lovin' Luther-  
wanna tell you words, words of love, words that make you wanna both-  
come closer love,  
Come a little closer so that we can see into the eyes of love
