

Press Rewind

[Dan Godlin](#)

I can remember the better days
Love wasn't meant for these dirty games
We played our parts so well
No I'm not ready to end it all[chorus]
I just wanna turn back time
I just wanna Press Rewind
And go back when your love for me
Was not pretend, remember when?
I just wanna turn back time
I just wanna Press Rewind
Before we try to live a lie
Can we decide to Press Rewind?Feels like we've waited for far too long
Feelings are faded, but are they gone?
If I try to fuel this flame
Will you show me you burn the same?[chorus]If we pause the pain, we'll stop the bleeding
If we pause the pain, we'll stop the bleeding
Going no where fast when we're both deceiving
But if we pause the pain, we'll stop the bleeding[chorus]
