

# Who Can Say

## The Horrors

I never meant for you to get hurt  
And how I tried, oh how I tried  
I could never give you just what you deserved  
Another man would surely learn I know these words  
They only serve to twist the knife  
But I'll strive to make them heard  
Maybe it's better now I've gone away  
Maybe it's not, oh who can say And though it's hard for me to say  
I know you're better off this way And when I told her  
I didn't love her anymore, she cried  
And when I told her  
Her kisses were not like before, she cried And when I told her  
Another girl had caught my eye, she cried  
And then I kissed her  
With a kiss that could only mean goodbye And though it's hard for me to say  
Maybe you're better off this way  
And though it's hard for me to say  
I know you're better off this way Get away, get away  
Get away, get away  
Get away, get away
