Weekend

The Dictators

Oh, weekend
Benny took downs in class
The principal found his stash
His mother's gonna get his assOh, weekend
In his room we'll have to stay
Dreamin' when he's king he'll say
Everyday is SaturdaySet me free
I might know better when I'm older
But until then
Just give me a sopor for the weekendOh, weekend
Bobby is a local punk
Cuttin' school and gettin' drunk
Eatin' at McDonald's for lunchWeekend
Soon he threw up in the store
But if he does it anymore
I'll make him eat it off the floorSet me free
I might know better when I'm older
But until then
Just give me a sopor for the weekendOh, weekend
Time to go a bit insane
Beatin' up the kids from Spain
I'm tired of this social changeOh, weekend
Flashin' rock and roll guitars
Cruisin' in my daddy's car
I'll do my homework in the barSet me free
I might know better when I'm older
But until then
Just give me a sopor for the weekendWeekend
Weekend
Weekend
