

One Day Too Late

Skillet

Tick tock, hear the clock countdown
Wish the minute hand could be rewound
So much to do and so much I need to say
Will tomorrow be too late? Feel the moment slip into the past
Like sand through an hourglass
In the madness, I guess, I just forget
To do all the things I said Time passes by, never thought I'd wind up
One step behind, now I've made my mind up Today, I'm gonna try a little harder
Gonna make every minute last longer
Gonna learn to forgive and forget
'Cause we don't have long, gonna make the most of it Today, I'm gonna love my enemies
Reach out to somebody who needs me
Make a change, make the world a better place
'Cause tomorrow could be one day too late
One day too late, one day too late Tick tock, hear my life pass by
I can't erase and I can't rewind
Of all the things I regret the most I do
Wish I'd spent more time with you Here's my chance for a new beginning
I saved the best for a better ending
In the end I'll make it up to you
You'll see, you'll get the very best of me Time passes by, never thought I'd wind up
One step behind, now I've made my mind up Today, I'm gonna try a little harder
Gonna make every minute last longer
Gonna learn to forgive and forget
'Cause we don't have long, gonna make the most of it Today, I'm gonna love my enemies
Reach out to somebody who needs me
Make a change, make the world a better place
'Cause tomorrow could be one day too late Your time is running out
You're never gonna get it back
So make the most of every moment
Stop saving the best for last Today, I'm gonna try a little harder
Gonna make every minute last longer
Gonna learn to forgive and forget
'Cause we don't have long, gonna make the most of it Today, I'm gonna love my enemies
Reach out to somebody who needs me
Make a change, make the world a better place
'Cause tomorrow could be one day too late One day too late, one day too late
One day too late, one day too late
