

# Screamin' For More

## Dangerous Toys

Like a high flyer, I am reachin' for the stars  
Stumble over clouds in the way, I've never tried so hard  
With a voice inside my head askin' are you the one  
Does an angel fly for answers, can the eagle just fly for fun  
Can't you tell me what you're thinkin', can't you see  
me  
Comin' back for more  
If you want me, come and get me  
Can't you hear me screamin' for more  
A million dollars, a house on the hill  
A girl that looks like you  
Just ain't enough to prey for as I look into this empty room  
Seems all I have to do is wrap my wings around the sun  
I'll keep on screaming your name, until you call I dream you're the one  
I've had to ask myself, plenty of times  
Do I really want to see this tru  
But the look on your face before you turned away from me  
Told me it had to be true
