Could This Be Love

One Chance

(Corner boys)
could, could,could this be love x3
The first time I saw you girl, I knew that
You'd be the one to change my world
Im so into you, and everything I had before
{:Bridge:}
everything I had before, was nothing more than infatuation (Oh yeah yeah)
But when you came through that door,
I became sure of what I was to do
{:Chorus:}
could this be love, love
'cause' i never ever felt this way
could this be love, could it be love
and if so I want this feeling to stay
could this be love
I tried, I tried to walk away
from you, but my heart
controls the things I say and do,
Im so into you, and eveything i had before
{:Bridge:}
everything I had before, was nothing more than infatuation
But when you came through that door,
I became sure of what I was to do

{:Chorus:}
could this be love, love
'cause' i never ever felt this way
could this be love, could it be love
and if so I want this feeling to stay
could this be love
could this be love, love
'cause' i never ever felt this way
could this be love, could it be love
and if so I want this feeling to stay
could this be love
I think that you might be the one (think that you might be the one for me)
I think that you might be the one (the one, the one for me)
{:Chorus:}
could this be love, love

'cause' i never ever felt this way
could this be love, could it be love
'cause if so I want this feeling to stay
could this be love, love
'cause i never ever felt this way,
could this be love, could it be love
'cause if so i want this feelin to stay
could this be love
could,could,could this be love x4
