

Pinwheel Eyes

Tim Gearan

There's some good will on it's way
Might do your soul some good anyway
Get your consolation prize
Pretty girl, pinwheel eyes
Pretty girl, pinwheel eyes

There's a motor inn, there's a trench
You found an old street side park bench
It's your only good disguise
Pretty girl, pinwheel eyes

You've got lifeblood at your feet
Could make your life alone complete
But your junky partner lies
Pretty girl, pinwheel eyes
Pretty girl, pinwheel eyes

There's some good will on it's way
That train come through here any day
So say your last goodbyes
Pretty girl pinwheel eyes
Oh pretty girl pinwheel eyes
