Live And Let Die

Paul McCartney & Wings

When you were young and your heart was an open book
You used to say live and let live
(you know you did, you know you did you know you did)
But in this ever changing world in which we live in
Makes you give in and cry
Say live and let die
Live and let die
Live and let die
Live and let dieWhat does it matter to ya
When you got a job to do
You gotta do it well
You gotta give the other fellow hellWhen you were young and your heart was an open book
You used to say live and let live
(you know you did, you know you did you know you did)
But in this ever changing world in which we live in
Makes you give in and cry
