

Baptism of Fire

Sodom

Product of my breeding
Inauspicious shapes
Formed by depravity
Abnegation of my past
Resigning, ireful
Watching the depopulation
Danger, impotence
Envelope the world with fear
Unnatural decay
Disclose the human need
Ptomaine, cremation
Baptism of fire we'll not survive
Abject and spirited
Getting excessive with results
Dislike a normal life
Excruciating waste away
Resigning, ireful
Watching the depopulation
Danger, impotence
Envelope the world with fear
Unnatural decay
Disclose the human need
Ptomaine, cremation
Baptism of fire we'll not survive
Symptoms of pathogenia
De-propotionate your body
Incurable disfigurement
Bones decompose alive
Resigning, ireful
Watching the depopulation
Danger, impotence
Envelope the world with fear
Unnatural decay
Disclose the human need
Ptomaine, cremation
Baptism of fire we'll not survive
Return to biogenetics
Turn over a new leaf
To form a vicious circle
Till end of time
