

Mechanical Arms

Walking Shapes

Don't, don't know where to beginâ€™
Back to the start I guess
It is hard when you're still around.
Its been three days, weeks, months, nowâ€™
Where did you go?â€™
Where is your nest now?â€™
Too bad this has come
Don't, don't where to beginâ€™
Back to the top â€™
I guess it is hard when you're still around

I donâ€™TMt want to live inside of itâ€™
Trapped in mechanical armsâ€™
All the loose leaf liesâ€™ Empire state, now come onâ€™
Telling all the different stories â€™
Trapped in the tentacle arms â€™
and the loose leaf lies on top if it all, come on.

Don't lay low on you heart tonightâ€™
Still I follow you, like a lost dog.

Say what you willâ€™
I can not pretend that I would runâ€™
Feet, failing how?â€™
I cannot connect the lines to grid.
