Mongrel

SNK

Here come the mountain, Here come the hill
Here come the valley and the Shoreline still
I know 'em well, know well
Mongrel, on the hard sell
With a ?, hot assed, inkwell
Lord, But I, I can't leave with the blues
Through endless days, and endless nights
Spare my creator, scream for my rights
? in the wishing well
Mongrel on the Hard sell, with a ?,
Hot assed, Inkwell
But I won't leave you with the blues no
Come down to ? (Wah-doo-day)
I'll buy you out
Gonna make you shake it Lord gonna make you shout
Gonna burn you gonna make you swell
Mongrel on a hard sell
with a ? hot assed inkwell Lord
But I can't leave you with the blues no
No no
