Odd Man Out

Poco

You got me turnin' to the left
You got me twisted to the right
Woman all I'm askin' is
Is anything all right?
You got me waiting in the day
I'm waiting long into the night
Baby don't you hear me say
Hey, is anything all right
With the ball in your court
You gotta cut me short
When there's nothin' left to lose
Ain't I the one you use?
I'm going down to the very last inning
I'm getting out, it was a tough beginning
No time to take maybe one last shot
Too late to find my blood running hotCHORUS:
From a whisper to a shout
Ain't I the Odd Man Out
From a whisper to a shout
And I'm the Odd Man OutWe were together livin' separately
Like a VCR without a TV screen
One more day, one more bad habit
Three words to say, that's all: "I've had it"REPEAT CHORUS
REPEAT CHORUS
