## Armored Saint

Advisory - the following lyrics contain explicit language:

Brass hat, CEO  
Only appears for a cameo  
The camp is so clean  
And it keeps raining greenThe scent is strong  
But yet something's wrong  
Everything is too much rightTension, need tension  
God forsaken  
Godawful placeThe falling house of cards  
That I love to embrace  
I'm saving faceFour star everything's comped  
We steer the peddlers clear  
Lessons in decorum given out  
First class, top notch, no fearAnnouncing every heroic feat  
Large praise and make it quick  
Good as it is it's never great  
This health is making me sickWrapped up the report is done  
The addle brained just can't get enough  
The scent is strong but yet something is wrong  
Everything just ain't right  
This house of cards is erasing my face
