Temptation

Arash

Temptation in my heart
I'm burning, I fall apart
When the night falls
My heart calls
For love and devotion
Temptation in my heart
I'm burning, I fall apart
When the night falls
My heart calls
For love and devotion
To asemoone eshqam to budi
(You have been my love from heaven)
Setareye man to budi
(You have been my star)
Esme to hast setare
(Your name is setareh star)
Biya pisham dobare
(Come back to me again)
Un moohaye meshkit mano kosht
(Your dark hair is killing me)
Chesh maye zibat mano kosht
(Your beautiful eyes are killing me)
Bia bia pishe man dobare
(Come come back to me again)
Yalla bego are, setare
(Hurry up, say ok, my star)
Ah ah ah
Temptation in my heart
I'm burning, I fall apart
When the night falls
My heart calls
For love and devotion
Temptation, I want you
Can you be my only one
When the night falls
My heart calls
For the touch of your hands
Man emshab toro mikham, whoa
(Tonight I want you)

Setare toro mikham, whoa
(I want you my star)
Hama fekro khialam to hasti
(You are in my mind all the time)
Donya ye man to hasti
(You are my world)
Esme to ro labame
(Your name is on my lips)
Setare vay setare
(Star oh star)
Ye omre bedoned khab boodam
(A whole life, I have been sleeping without you)
Ta man toro peyda kardam
(Until I finally found you)
Bia bia pishe man dobare
(Come come back to me again)
Yalla bego are, setare
(Come on, say ok, my star)
Ah, ah, ah
Temptation in my heart
I'm burning, I fall apart
When the night falls
My heart calls
For love and devotion
Temptation, I want you
Can you be my only one
When the night falls
My heart calls
For the touch of your hands
Man emshab toro mikham, whoa
(Tonight I want you)
Setare toro mikham, whoa
(I want you my star)
Ah, ah, ah
Temptation in my heart
I'm burning, I fall apart
When the night falls
My heart calls
For love and devotion
Temptation, I want you
Can you be my only one
When the night falls
My heart calls
For the touch of your hands
Temptation in my heart

I'm burning, I fall apart
When the night falls
My heart calls
For love and devotion
Temptation, I want you
Can you be my only one
When the night falls
My heart calls
For the touch of your hands
Man emshab toro mikham, whoa
(Tonight I want you)
Setare toro mikham, whoa
(I want you my star)
