

# The Hunter

## Moss

Never is easy you know  
When your father passed away  
In case that you need someone  
There are no terms to let you stay

I want to see you every hour  
Want to meet you every day  
Wish it could make it ours  
Bound to leave it any way

Remember those love songs  
When we harvest and we see  
Taking precautions  
In who is right and who are we

I want to see you every hour  
Want to meet you every day  
Wish I could make it ours  
Bound to leave it any way  
I don't want to lose it all  
No one turns its back at me  
Money could make it work  
Money would certainly

(Oooooohhhhoohhhhhhhhoohâ€¦)

I want to see you every hour  
Want to meet you every day  
Wish I could make it ours  
Bound to leave it any way  
I don't want to lose it all  
I know it turns its back at me  
If money could make it work  
Money would certainly

(Oooooohhhhoohhhhhhhhoohâ€¦)
