Take Me to My Love (Main Mix)

Ralf GUM

Take me to my love
I've been waiting on him long enough
Got my hand out to him
Lead me to the place where
No one can erase that we were there
Let me at my love
Set me loose and I'll go over and above
I can prove it baby
Grown enough to know now
What you really want and why and how soLead me
Lead me
Lead me
Lead me
(repeat)Let me at my man
I learned my lesson now I wholly understand
Need a woman for delighting not debating
No fuss frustrate just titillating
So give me to my love
He got what my mind always remind me of
Had a vision we went back to do you remember it
When we were at that thing and did that $hit we didAm I charmed or fortune's fool
Have I done harm have I broke some rule
Why am I mystified by your lips and your eyes
I could go on and on and on and on and on you'll never catch up
Is it charm or not at all
Am I culpable or is it not my fault
Preoccupied by your lips and your eyes you know you know I
I could go on and on and on and on and on you'll never catch up
Lead me
Lead me
Lead me
Lead meLet me at that man
I want to make sure I keep him close as I can
I got a feeling he aint sure so I got to let him know
That anywhere he needs me to I'll always go
Give me give me give me give me to my love
Playing hard to get got hard enough, call my bluff
Deferment of pleasure increases its measure for both of usI must be charmed or fortune's fool
I done no harm and I broke no rule

Then why am I now paralyzed by your lips and your eyes
I could go on and on and on and on and on you'll never catch up
Oh am I charmed or caution's tale
I've been disarmed but not on this scale
I have tried but I can't decide if it's your lips or your eyes
I could go on and on and on and on and on you'll nevercatch up, catch
catch up, catch catch
catch up, catch catch(repeat)Lead me
Lead meTake me to my love
I've been waiting on him long enough
Got my hand out to him
Lead me to the place where
No one can erase that we were there
Let me at my love
Set me loose and I'll go over and above
I can prove it baby
Grown enough to know now
What you really want and why and how soAm I charmed or am I fooled
Should I be alarmed or just keep my cool
I'm paralyzed and I'm mystified it's your lips its your eyes
I could go on and on and on and on and on you'll never catch up
Oh I cry foul but is it fair
Should I disguise what should be laid bare
I'm paralyzed its your lips its your eyes you know I you know I
I could go on and on and on and on and on and on and on and on and on and onLead me
