

Battleships

Ashlinn Gray

There's a voice inside my head, and it won't let me sleep
Keeps telling me I can't, locks doors and hides the keys
Doubting every move I make, are they right or are they wrong

No dotted line or 'X', on a journey of my ownI'll bring my battleships to war, with sword and shield in hand
I won't let 'em win, we've got another plan

I'll bring my battleships to war, through thick and thin we'll go

Won't stop until we conquer, this war we've come to knowI won't surrender ah ah ah, ah ah ah ah
Not sending out an S.O.S

I won't surrender ah ah ah, ah ah ah ah

Not sending out an S.O.SEvery word you throw at me, can't hurt me any more

Was down but I got up, won't lose cause I'm fighting for, a chance to live each day

I'm giving it my all, moving on without, the fear I felt beforeI'm bringing my battleships to war, with sword and shield in hand
I won't let 'em win, we've got another plan

I'll bring my battleships to war, through thick and thin we'll go

Won't stop until we concur, this war we've come to knowI won't surrender ah ah ah, ah ah ah ah
Not sending out an S.O.S

I won't surrender ah ah ah, ah ah ah ah

Not sending out an S.O.SEven if I feel like giving up I'm not gonna stop until it's over

I'll be standing, stronger than before so much stronger than beforeI won't surrender, not sending out an S.O.S

I won't surrender aha, not raising up the white flagI won't surrender ah ah ah, ah ah ah ah
Not sending out an S.O.S

I won't surrender ah ah ah, ah ah ah ah

Not sending out an S.O.S

I won't surrender ah ah ah, ah ah ah ah

Not sending out an S.O.S

I won't surrender ah ah ah, ah ah ah ah

Not sending out an S.O.SI won't surrender..
