

I Want To Be Your One Night Stand

Jeremy Messersmith

I know I may not look like much
Guess the years have been a little rough
I'm not worried, no, I've got it planned
I wanna be your one night standWe'll check in to a dive motel
 Carpet's worn and the curtains smell
 TV's old, wallpaper bland
I wanna be your one night standOh, we'll get drunk on a box of wine
Oh, makin' love underneath the vacancy signYou don't have to meet my folks
 I won't bore you with my stupid jokes
 Just a guy with a minivan
I wanna be your one night standOh, we'll get drunk on a box of wine
Oh, making love underneath the vacancy signSo, let's leave the kids at home
 You wear that blouse, I'll wear cheap cologne
 Throw away our wedding bands
 I wanna be your one night stand
