

United Nations

50 Cent

Ah, I got big bags of paper ima spend
We gonn do it how we do it
Then do the shit again
You should fuck with a winner bitch if you wanna win, ah
Were celebrating like a nigga home fresher out the pen, ah
Im on, bitches all on my john
To get bread and dont blow bread, the fuck is the point
Call me elroy, I be on some jetson shit
Papa x and the blue pill will wreck a bitch
I like it raw, uh baby, uh baby, I like it raw
Take a chill pill break in early tomorrow
The morning after, plan b, no kids involved
Please no kids involved
I put that money in the vault bitch usain bolt
Progressmake a deal then blow mills for real
Times a wasting, you watching my watch, ha
You old school, huh, jocking my style
Ah, I got big bags of paper ima spend, ah
We gonn do it how we do it
Then do the shit again
You should fuck with a winner bitch if you wanna win, ah
Were celebrating like a nigga home fresher out the pen, ah
I dont give a flying fuck, I always make bail
Motherfucker on the wall, check forbes, im there
Even when I take a break, my pockets is in shape
Im back off a vacation
Can you believe it, I been getting paid on vacation
Yeah, ima keep niggas forever hating
They thought im going down
Now look, im levitating
Im a d pac, meditating
On some molly and united nations
Fond in the world, food program
Fin to solve world hunger, god damn
Ah, I got big bags of paper ima spend, ah
We gonn do it how we do it
Then do the shit again
You should fuck with a winner bitch if you wanna win, ah
Were celebrating like a nigga home fresher out the pen, ah
