Beyond the Cemetery

Cannibal Corpse

Nude and violated, I raped the life from her body
Lying dead, the insects bite her pale skin
My marks of torture left on my daughter
Body badly beaten, I rememberMy ropes and chains bruised her arms and legs
I wiped her blood on my face
Her tender body I disgraced
Slow strangulationHer neck twisted and broken
Abdominal lacerations
Blood pouring from
AbrasionsControl of the mind, feelings left behind
Dreaming inner hate, I create an alternate state of the grave
Scared to death, homicidal premonitions
Horror fills you as your soul is ripped from youDreaming my dream of death, I cast the spell
Intertwine your mind with mine, dreams become reality
Enhancing the imagination, murder is my infatuation
Killing off generationsFamilies torn to pieces, but the one they love
Possessed by another, my pleasure is to murder
Entering your dreams through my spell they will bleed
Night after night, reoccurring killingsSleepSomeone wake me from this nightmare
I've become my darkest fear
Awaken to the sight of your hacked up family
Their spirits are trapped beyond the cemeteryBodies rotting, but I'm not sleeping
Scream you're not dreaming
Someone wake me form this nightmare
I've become my darkest fearCame to life in my mind
A world of darkness
Forever sleeping in this coffin
Eternally dreaming
