

# Beyond the Cemetery

## Cannibal Corpse

Nude and violated, I raped the life from her body  
Lying dead, the insects bite her pale skin  
My marks of torture left on my daughter  
Body badly beaten, I rememberMy ropes and chains bruised her arms and legs  
I wiped her blood on my face  
Her tender body I disgraced  
Slow strangulationHer neck twisted and broken  
Abdominal lacerations  
Blood pouring from  
AbrasionsControl of the mind, feelings left behind  
Dreaming inner hate, I create an alternate state of the grave  
Scared to death, homicidal premonitions  
Horror fills you as your soul is ripped from youDreaming my dream of death, I cast the spell  
Intertwine your mind with mine, dreams become reality  
Enhancing the imagination, murder is my infatuation  
Killing off generationsFamilies torn to pieces, but the one they love  
Possessed by another, my pleasure is to murder  
Entering your dreams through my spell they will bleed  
Night after night, reoccurring killingsSleepSomeone wake me from this nightmare  
I've become my darkest fear  
Awaken to the sight of your hacked up family  
Their spirits are trapped beyond the cemeteryBodies rotting, but I'm not sleeping  
Scream you're not dreaming  
Someone wake me form this nightmare  
I've become my darkest fearCame to life in my mind  
A world of darkness  
Forever sleeping in this coffin  
Eternally dreaming
