

So Good

Joshua Rogers

Good, Good, Good
Lord you been so Good, Good, Good
SO Good, good good
Lord you been so good, good, good
Theres no need to lie
Lord you know my right from wrong
Don't understand why, why you love me
And sometimes I, I go left when you say right
And you decide to protect me

()

And I can't thank you enough for my life
And when I think about it lord you been so good to me
Even though I dont deserve it, Lord you still
So good, So good, So good, So good
The way you love me is so perfect makes me feel
So good, So good, So good, So good
Good, Good, Good
Lord you been so Good, Good, Good

()

I know sometimes you try, to do thing on your own
to your surprise he's still with you
Don't you deny his grace and mercy showed he can provide
Everything that you'll ever need()

SO Good, good good
Lord you been so good, good, good
And I can't thank you enough for my life
And when I think about it lord you been so good
Even though I dont deserve it, Lord you still
So good, So good, So good, So good
The way you love me is so perfect makes me feel
So good, So good, So good, So good
Good, Good, Good
Lord you been so Good, Good, Good
So good, good, good
Lord you been so good, good, good
