Reprisal

Xasthur

No remorse, no tolerance
I felt you spit on my back
The time has come to take revenge
And put an end to this fraudI can take no more excuses
I saw you lie in my face
I'm here to get you a rightful payback
Full-on reprisal at lastWatch out
I show no mercy
I just reject this pain
I won't step back no more
ReprisalHere it comes
ReprisalI feed on anger
No more regrets
Get your shit out of my fuckin' wayI feel the rage
The taste of fist
Here it comes my violent reprisalWatch out
I show no mercy
I just reject this pain
I won't step back no more
There is no hiding
Reprisal
I bet you won't forget this
