

# Friends In The Sky

## The Dirty Nil

Oh lord help me find the light  
I'm awful scarred I'm gonna die  
And even though we never got along,  
I'll say I was wrong  
'cause you know we can be friends in the sky  
now I'm off the mortal coil  
on the kingdom's holy soil  
makes no sense at all  
how I got here, but now  
I'm above the clouds  
Cause you know now I have friends in the sky  
Said it twice
