

Big Bad Mean Motherfucker

Girls

I've got a highschool crush on a California girl oh yeah
I've got a cool guitar and a bag of marijuana
I'm gonna rock like no one ever told me to stop
Make you a believer I'm a big bad mean mother fucker

I've got an ice cream cone and i'm feeling fine tonight
When i get you back home i'm gonna make you fell alright
I'm gonna rock like no one ever told me to stop
Make you a believer I'm a big bad mean mother fucker

I wear my short jean shorts on a sunny San Francisco day
I like to hang out by the water of the sunny San Francisco Bay
I'm gonna rock like no one ever told me to stop
Make you a believer I'm a big bad mean mother fucker
