How Can I Be Down

Toya

Escalade, Navigate, ya Rangin' it
I'm lovin' it
Your attitude, the way you move
The things you do, I'm feelin' you Icy wrist, Platinumist
Your Flashin' it that's what's it
How can I be down How can I be down How can I can I be down
Ooh look at you
Been watchin' you
I've got to know
Is she with you
Can I roll with you
Get with you
Be down with you
Be down with you
Can I sit with you
Chill with you
Talk with you Laugh with you
What can I do
To prove to you
I'm feelin' you
I'm feelin' you
I like your style
How you lay it down
Make a girl wanna settle down
I know your type
You like to shine
Boy thats's why
I'm diggin everything about you
Escalade, Navigate, ya Rangin' it
I'm lovin' it
Your attitude, the way you move
The things you do, I'm feelin' you Icy wrist, Platinumist
Your Flashin' it that's what's it
How can I be down How can I be down How can I can I be down
I heard you were the hottest topic
Threw gossip
Didn't catch your name
Just heard about the drop six with the wood kit
How you keep it lit

Arm hangin' out the window
With the ice wrist

You like the cruise control
On the slow creep
DVD front and back
With the big screen
And when the crowd is thick
You like park it
Have em' all watchin' like they
At the drive in
And when the jealous fellows wanna tough up
They start wilin' out
They get roughed up
When dig 'em ups try to step up
You push on
Trow it up
Leave em stuck
In your
Escalade, Navigate, ya Rangin' it
I'm lovin' it
Your attitude, the way you move
The things you do, I'm feelin' you Icy wrist, Platinumist
Your Flashin' it that's what's it
How can I be down How can I be down How can I can I be down
Has nothin' to do with your cash flow
Or the 4 door S 6 double O
Material things already got those
Could cop any drop on the lot
You be like Whoa
Just need someone that can handle his
When it's time to go he's got his own keys
When we hit the mall he's got his own V's
Don't need no guy depending on me
I've always been the one to play hard to get
But your're hot to def I break a sweat
When you roll by in your
Escalade, Navigate, ya Rangin' it
I'm lovin' it
Your attitude, the way you move
The things you do, I'm feelin' you Icy wrist, Platinumist
Your Flashin' it that's what's it
How can I be down How can I be down How can I can I be down
