

Merry Fnaf Christmas

J.T. Machinima

It's the time of year for Christmas cheer and Santa's on the way
With his eight reindeer, we're waitin' here excited for the slay
We've been so nice through all these nights we'd love for you to stay
Making children smile and all the while we're rotten and decayed
Jingle bells jingle bells don't you run away
Freddy's got a special present here on Christmas day
Jingle bells jingle bells happy holidays!
Come grab a slice the end of your life is five more nights away!
Oh the weather's bad tonight, stay inside and have a bite
Sing with us and spread delight Cause we don't have a tree to light
The power's off, we cut the phones
Here's a suit to call your own
Try it on, welcome home
You'll never spend another Christmas all alone!
Bonnie brought a stocking for you that you've gotta hang up
Chica's wrapping presents, Foxy's chugging all the eggnog
Freddy's setting up a snack for Santa Claus to have
And we hope he likes pepperoni pizza that was all we had
Silent night Holy night, It's all in my head
We may be dead, but we won't forget
The way we met our end!
But it's the time to reconcile and leave behind regrets
The only gift that's on our list is imminent revenge
-Oh the weather's bad tonight, stay inside and have a bite
Sing with us and spread delight Cause we don't have a tree to light
The power's off, we cut the phones
Here's a suit to call your own
Try it on, welcome home
You'll never spend another Christmas all alone!
We wish you a merry Christmas
We're back cause we now you missed us
Take this, it's a little gift that we hope you might wear
We wish you a merry Christmas
We know just how much you've missed us
We'll give you a scary Christmas
Five Nights of Nightmares!
Oh the weather's bad tonight, stay inside and have a bite
Sing with us and spread delight Cause we don't have a tree to light
The power's off, we cut the phones

Here's a suit to call your own
Try it on, welcome home
You'll never spend another Christmas all alone!
