This Place Is Killing Me

Liam Finn

Hey mirror dame in the window frame
You've got problems of your own, but I love you just the same
There is nothing for us here, yeah we can start over again
And keep your promise to me

I came, I saw, what do you need me for?
I suck and drain to numb the pain
What do you need me for?

My broken heart in the rain
And the pain of getting shot down like an aeroplane
There's a devil in the trees, and don't let him in, please
The sky was made of stone, and all my jokes were getting old
And keep your promise to me

I came, I saw, what do you need me for?
I suck and drain to numb the pain
What do you need me for?

My broken heart in the rain
And the pain of getting shot down like an aeroplane
And keep your promise to me

I came, I saw, what do you need me for?
I suck and drain to numb the pain
What do you need me for?

Well oh well, I'm all alone
Well, I don't know
Where oh where, I'm all alone
Well, I don't know
Where oh where, I'm all alone
Well, I don't know
Where oh where, I'm all alone
Well, I don't know
