

# White Flyer

## Tobin Sprout

Blue black lizard and blue black flies  
Tiny gila monsters and segmented eyes  
I fell asleep on your doorstep  
I pushed a rock beneath  
My burning heart that needs to stay  
Cause everybody needs to stay  
In a quiet town  
Fingers fly  
I put a song in my car deck  
I felt a pulling on my  
Burning heart that need to stay  
Everybody needs to stay  
In a quiet town  
Fingers fly  
In a quiet town  
Fingers fly ya!
