Do Little Things (feat. Ivan Matias)

Changing Faces

See the birds as they fly away
Making things for another day
And the hearts of the lonely ones
Found in you they can trustThere goes the light again
But the light you saved
Left them dim
And they will never forget the loveThat you shared with it
Oh I don't mind having your attention
And I hope in time
That the whole world will listenDo little things today, do little things to do
Do little things 'cause I know what it means to you
Do little things 'cause I know what it means to youSee the glow on your face
It's a reform no one can take away
And the joy that runs through me
Is so freeI love being apart
Even if the smallest heart
Let's me in
I want to friendship that will never, never, never endThat's why I...
Do little things today, do little things to do
Do little things 'cause I know what it means to you
