Singer man sing me a song
Singer man sing me a song
Singer man sing me a song Do you want soul?
Do you want soul?
Do you want soul? I hear you singing, sing a morning
I hear you singing, sing a morning
I hear you singing, sing a morning Do you really want soul?
Do you really want soul?
Do you really want soul? Singer man sing me a song
Singer man sing me a song
Singer man sing me a song Do you really want soul?
Do you really want soul?
Do you really want soul? I hear you singing, sing a morning
