Blurry Eyes

Dylan Matthew

Verse 1.

Everybody has their flaws, I know
But what's a flaw in the eyes of a God?
I don't know. I don't know.
Blurry eyes in an inhale of smoke
The stars are shining my dear don't you ever let go
Please don't let go

Pre-Chorus

Because if one falls, then we all fall
It's complicated, the walls are narrow
And when my thoughts, spin out of control
I begin to drown even though I'm in the shallow

This makes it all worse, and now my head hurts
I could do this if I just put myself first
I'm so anxious, I fucking hate this
Oh I can't even begin to explain this

Chorus

I wish I could be who you want me to be
I wish I could see what you see in me
I wish I could be who you want me to be
(Who you want me to be)

I wish I could be who you want me to be
I wish I could see what you see in me
I wish I could be who you want me to be
(Who you want me to be)

Verse 2.

I wish I could be something more than what I am
I wish I could see underneath my own surface
Deep between my soul and then
Maybe I can feel some sort of bliss
Maybe I can run a million miles away

With noone to see the reflection of my own face

Pre-Chorus

Because if one falls, then we all fall
It's complicated, the walls are narrow
And when my thoughts, spin out of control
I begin to drown even though I'm in the shallow

This makes it all worse, and now my head hurts
I could do this if I just put myself first
I'm so anxious, I fucking hate this
Oh I can't even begin to explain this

Chorus

I wish I could be who you want me to be
I wish I could see what you see in me
I wish I could be who you want me to be
(Who you want me to be)

I wish I could be who you want me to be
I wish I could see what you see in me
I wish I could be who you want me to be
(Who you want me to be)

I wish I could be who you want me to be
I wish I could see what you see in me
I wish I could be who I wanna be
(Who I wanna be)

I wish I could be who you want me to be
I wish I could see what you see in me
I wish I could be who I wanna be
(Who I wanna be)

Outro

Who I wanna be
Who I wanna be
Oh, who I wanna be
Oh
