True to Myself

Classy Silhouette

Everybody wants to rise above
Without a touch of dignity
Without a stroke of love
Take a little time, check yourself
To live the life you're praying for
Just be true to yourself
Everybody wants to be your friend
If you got a dime to lend
You never really matter in the end to them
That's why
I'm true to myself y'all
I'm true to my family
And love with a true integrity
I'm true to myself y'all
I'm true to my God above
And love with a true integrity
Everybody wants a piece of you and me
To be the victim of their greed
Or co-dependency
It's so very hard to know
Which way to go
A lie can be the gospel truth
If eloquently told
Everybody wants to make amends
If they can see another win
You never really matter in the end to them
That's why
I'm true to myself y'all
I'm true to my family
And love with a true integrity
I'm true to myself y'all
I'm true to my man above
And love with a true integrity
Some people live their whole life
And never see
The only way to find true happiness
Is to thine own self be
True to yourself y'all
Got to live your life for you, yeah

All you gotta do, well
Is be true to yourself, well
I'm true to myself, y'all
I'm true to my little baby girl
I got to be true, oh yeah
I'm true to myself y'all
I'm true to my family
And love with a true integrity
I'm true to myself y'all
I'm true to my God above
And love with a true integrity
I'm true to myself y'all
I'm true to my God above
And love with a true integrity
I'm true to myself, y'all
I'm true to my little baby girl
I'm true to myself y'all
I'm true to my family
And love with a true integrity
I'm true to myself y'all
I'm true to my God above
I'm true
