Ten Thousand Light Years Away

Lemon Demon

Ten thousand plastic eyeballs
float through space
Why don't you listen when you
see my faceIt's a grim prediction, but I
told you so, and
Everyone says that there's no explanation
And nobody wanted to knowSomething's terribly, terribly wrong with me
Ten Thousand Light Years AwayFeelings of dread like a deathbed's
silent gloom
I found a pile of red tape
in my roomThere's a lucid feeling of
insanity, and
Everyone says that there's no explanation
And it's simply the norm to agreeJust several weeks ago
there was a status quo
Ten Thousand Light Years Away(blue times high crimes all's well like hell)Something's terribly, terribly good
and quite misunderstood
Ten Thousand Light Years Away
Ten Thousand Light Years Away
