

# Ten Thousand Light Years Away

## Lemon Demon

Ten thousand plastic eyeballs  
float through space  
Why don't you listen when you  
see my faceIt's a grim prediction, but I  
told you so, and  
Everyone says that there's no explanation  
And nobody wanted to knowSomething's terribly, terribly wrong with me  
Ten Thousand Light Years AwayFeelings of dread like a deathbed's  
silent gloom  
I found a pile of red tape  
in my roomThere's a lucid feeling of  
insanity, and  
Everyone says that there's no explanation  
And it's simply the norm to agreeJust several weeks ago  
there was a status quo  
Ten Thousand Light Years Away(blue times high crimes all's well like hell)Something's terribly, terribly good  
and quite misunderstood  
Ten Thousand Light Years Away  
Ten Thousand Light Years Away
