

On and On (Robert Abigail & Jay Ritchey Remix)

Agnes

On and on
This love I feel for you goes on and on This world can be a scary place
And so much love goes to waste
One moment everything is clear
The next it all could disappear We need something to hold on to
I wanna be that thing for you
'Cause you're not in this all alone
Your heart has finally found a home On and on
This love I feel for you goes on and on
It's something you can't lose
You're gonna find, this heart of mine
Will stand the test of time
On and on
Can't you see, this is where you belong
I've got so much to give
Let down your guard and let these arms
Shelter you tonight Words can be so hard to trust
They made a fool of all of us
Let your emotions be your guide
And go with what you feel inside I know that what I feel is deep
And when I play, I play for keeps
I know that you've been hurt so bad
But this is something made to last On and on
This love I feel for you goes on and on
It's something you can't lose
You're gonna find, this heart of mine
Will stand the test of time
On and on
Can't you see, this is where you belong
I've got so much to give
Let down your guard and let these arms
Shelter you tonight I can feel us moving
Closer by the minute
This is so amazing
Have a little faith and
Let me lead the way
I can promise you that On and on
This love I feel for you goes on and on
It's something you can't lose

You're gonna find, this heart of mine
Will stand the test of time
On and on
Can't you see, this is where you belong
I've got so much to give
Let down your guard and let these arms
Shelter you tonight
On and on
This love I feel for you goes on and on
It's something you can't lose
You're gonna find, this heart of mine
Will stand the test of time
On and on
Can't you see, this is where you belong
I've got so much to give
Let down your guard and let these arms
Shelter you tonight
