

# Serial Sleepers

## House Of Heroes

Wake the dead  
Serial sleepers slay with words unsaid  
Sleep with the light on  
And keep the loneliness away  
I feel the darkness anyway  
And I wish for the dawn  
Wake the dead  
Serial sleepers slay with words unsaid  
Rise up, O sons of god  
And sing the song  
That hides behind your teeth  
These ears have longed to hear  
On my own  
Waiting for the light  
Save our souls from all  
Our dreams come true  
Wake the dead  
Serial sleepers slay with words unsaid
