

Falling

Bruce Guthro

I will be in town tomorrow,
Would you meet me at the station?
There's something I would like to talk to you about.
It's just this thing that has been on my mind for ever,
And I was hoping we could find a way to work it out.

By the way, this is Martin
Just in case you have forgotten
What I sound like, yeah it's been a long long time.
They say that absence helps the heart grow fonder
Ah well anyway, I'd like to see you, if you don't mind.

The night the Blue Jays won the pennant,
I was sitting in the second row.
I thought of you all throughout the game.
and how we'd curl up on the sofa on a Friday night,
And holler at the players like they could hear what we were sayin.

Look, I'm sorry if I hurt you;
and I'm sorry that I left.
As of late it seems I'm sorry all the time.
Wishing wells and shooting stars have been my friends;
And I have come to realize that all the fault was mine.

(chorus)
And I am falling
Into a world I can't describe;
and I am calling
cause I'd like to say goodbye.

Hey I will be in town tomorrow,
Could you meet me at the station
If it's just to see your face as the train pulls through?
I just wanna see you laugh or cry or shake your head.
I just wanna see what twenty years has done to you.

See I have nothin left to lose
And no time left to choose if I should let this deadly silence carry on.
Twenty years or twenty days is far too long

For two people who once held each other in their arms.

(chorus)

And I am falling
Into a world I can't describe.
and I am calling
Cause I'd like to say goodbye.

Will you take me by the hand,
Say you understand,
Or will you wanna drive me down on to my knees.
These are chances I must take
And I know I must not forsake
your right to do and feel just what you please.
But I don't have a lot of time
To right the wrongs I left behind,
To undo all the damage I have done.
So I'm calling you to ask for your forgiveness
Is that so much to ask.....
Of your son?

Hey i will be in town tomorrow
Could you meet me at the station
There's something i would like to talk to you about....
