

Come and Get It

John Newman

I have been crazy
But that's just alright, alright
I have been lonely
But that's just alright, alright My feelings I don't hide them, hide them, hide them
Inside they keep on burning, burning, burning
Your feelings you shouldn't hide them, hide them, hide them
From me nah na na no 'right Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it I don't feel so unfortunate
But that's just alright, alright
I have been treated so badly
But that's just alright, alright My feelings I don't hide them, hide them, hide them
'Cause inside they keep on burning, burning, burning
Your feelings you shouldn't hide them, hide them, hide them
From me nah na na no 'right Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it Every man have been broken
Every woman too
The reason I think I'm something special baby
Is 'cause I was never broken by you Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it

Come and get it if you really want it
Come and get it if you really need itCome and get it if you really want it
Come and get it if you really need it
Come and get it if you really want it
Come and get it if you really need it
