No Angel

Milk Inc.

Everyone thinks they know me
They think they comprehend
Wake up and smell the coffee
I am not that innocent

Everybody tells me
That I should not believe
You're more than smoke and mirrors
But I am not that naive

No, no, no
I'm no angel, I'm no angel
No, no, no
I'm no angel, anymore

This is now, this is me
I'm no angel, baby
This is now, this is me
I'm breaking free

Everyone says I'm falling
But they don't understand
I'm tired of choosing right from wrong
I'm not that innocent

Everybody tells me
I'm bound to be deceived
But I don't need protection
'Cause I am not that naive
